

# QUOTATION REQUEST

To enable us to provide you with an accurate written quotation, please supply the following information.

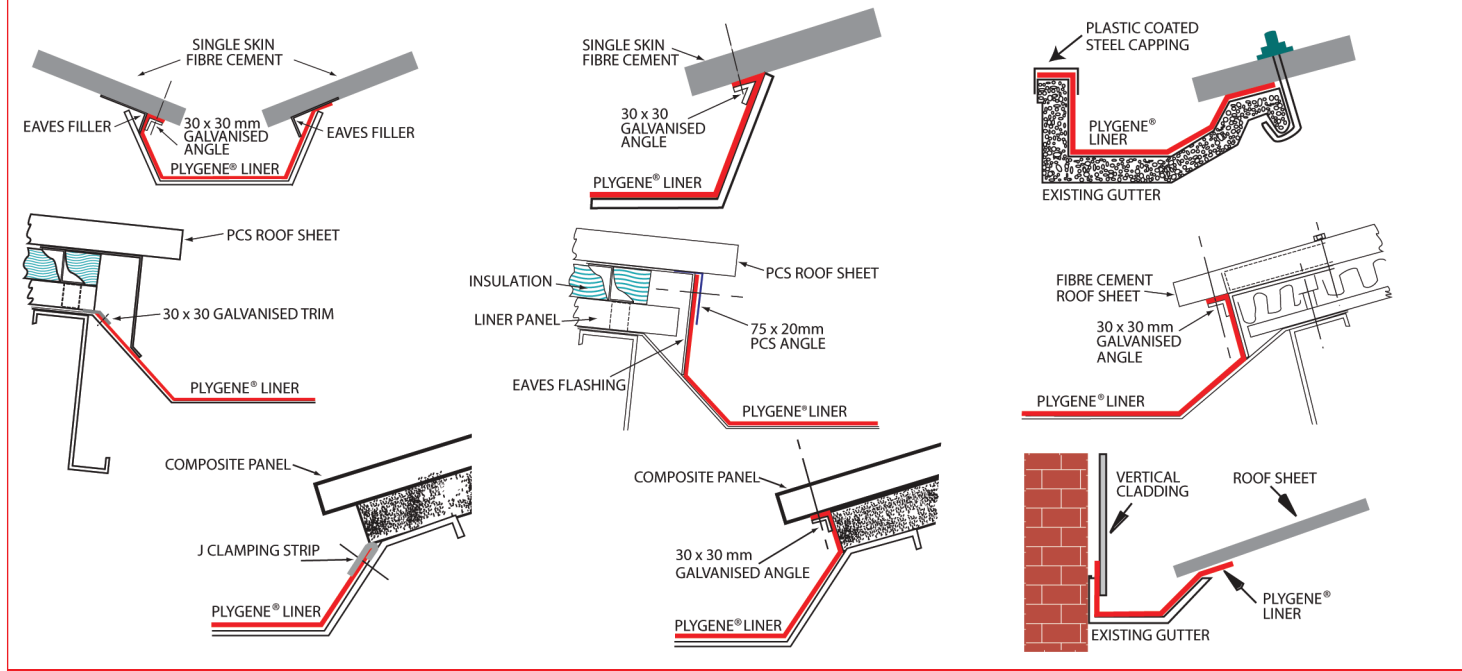

Name : ..... Company : .....

Address : .....

Postcode : .....

Tel No : ..... Fax No : ..... Email : .....

**A few examples of gutter profiles - With new Plygene® liner shown in position**

Above are a few examples of popular gutter profiles: Carefully sketch below the gutter profile of the gutter to be lined even if it differs from the examples shown.

Show the angle and overhang of the roof cladding in relation to the gutter and indicate the position of eaves fillers if applicable. Accurately measure the inside gutter profile(s) and show the distance between each angle change.

**Example of original gutter, show angle and overhang of roof cladding (Inside dimensions required)**
